About Myself

My name is **Mohammad Hafizur Rahman Sakib**, and I am a student at **Premier University, Chattogram**, pursuing my studies in **Computer Science and Engineering**. I was born and raised in **Chawkbazar, Chattogram**, where I live with my family. My father, **Ahmed Noor**, is a retired officer of **Pubali Bank PLC**, and my mother, **Solima Chowdhury**, is a dedicated homemaker. I also have **five siblings**, making our home a lively and supportive environment.

In terms of education, I completed my **Secondary School Certificate (SSC)** from **Government Muslim High School** in **2017**. Later, I passed my **Higher Secondary Certificate (HSC)** in **2019** from **Government Hazi Mohammad Mohsin College**. These academic milestones built a strong foundation for my current studies and motivated me to pursue a career in technology.

My aim is to become a **software engineer**, contributing to society by developing innovative solutions and using technology to make people's lives easier. At Premier University, I continue to explore my passion for programming, problem-solving, and emerging technologies, which strengthen my academic and professional journey.

Outside academics, I enjoy a variety of activities. I like playing online games such as **PUBG** and **Free Fire**, which sharpen my focus and quick thinking. I also enjoy playing **cricket and football** with my friends, as well as **traveling** to new places, which inspires me with new experiences.

I am an optimistic and hardworking individual, always eager to learn, grow, and achieve my dream of becoming a successful **software engineer**.
